

BACK TO THE FUTURE

Celebrating the Piano!

**A Wichita Metropolitan Music Teachers Association Festival
with the Piano Technicians Guild
March 6-7, 2010
Wichita's Botanica**

**Just like in the movie [*Back to the Future*],
we're traveling back to the past
to experience the sights and sounds that inspired the piano;
then we'll blast forward
to explore some of the future possibilities that await us!**

Back to the past, we'll discover.....

- **How the piano's 2,000 (!!)** parts work
- **Action! Hands-on activities** provided by the Piano Technicians Guild
- **Dances that inspired so much early keyboard music**
- **.....and more!**

Blasting forward, we'll explore.....

- **Great solos and ensembles of all kinds with the piano.**
- **From the Piano Technicians Guild: All the piano can do!**
- **Original piano pieces by student winners of our competition.**
- **...and more!**

**To top off our celebration,
we can support Botanica's vision of a
children's garden to open in 2011!**
